RESOLUTIONS PASSED

The following resolution was passed unanimously at the annual meeting in Denver:

COMMENDATION

The Board of Directors of the Western Shorthorn Association, in unanimous resolution, hereby commend the Officers, Directors and Staff of the American Shorthorn Association for their initiative and perseverance in the successful establishment of new, range bull and feeder cattle sales in the Western United States, and hope that these successes will inspire the establishment of additional sales as the most direct means of expansion of the Shorthorn breed of cattle.

Countersigned,

Don C. Milliken, President

Western Shorthorn Association

Let's Face Facts!

The basic reason for being in business, whether small or one involving millions is — — — PROFIT!

Everyone in the Shorthorn and Polled Shorthorn business is concerned with—anticipating—is expecting—PROFIT. If that six letter word does not materialize, if it is not upcoming, if the lack of it develops, a major problem suddenly appears on the horizon and serious consequences draw near. We buy and we sell. We buy at the other fellows Point of Sale and we sell at our Point of Sale.

The Point of Sale is very intriguing—it involves, at least two people—the buyer and the seller. The buyer must have a desire for the product and the seller have the product available. The greater the desire of the buyer, the greater the opportunity of the seller to make a profit. To reach a “point of sale” several methods are used by a prospective seller. Millions are spent by major companies in all lines of business to create a desire for the product to be sold. Advertising, market research, surveys, and promotion are but a few of the major facets designed to create desire in the buyer. When this desire becomes strong enough the prospective buyer starts looking around and eventually is mentally prepared for a “point of sale.”

Efforts are being made by the National Association, State Associations and regional associations to create a desire for Shorthorns and Polled Shorthorns but the end result, sooner or later, a “point of sale” is in the making, a meeting between you, the breeder and the prospective buyer. It depends upon the breeder to change the prospect to a ‘buyer’.

The National Association has invested thousands of dollars in brochures, pamphlets, promotional material, and items designed to help create desire in a prospective buyer. These sale aids are available to help individuals set up that point of sale. Many breeders request that these be sent to prospects and have sent name and addresses to the Association. The Association writes a personal letter and sends out the material. A great number of breeders have then followed up with the prospective buyer and turned that prospect into a buyer.

There's an old saying, “if you want to make sales, you've gotta make calls.” The breeder who makes sales also makes calls and contacts. Even though the Shorthorn is the best beef breed in the world the prospective buyer does not and will not beat a path to your door. An all out effort must be made by the various individuals banded together in national, state, and regional associations to create the desire in prospective buyers which will culminate in a “Point of Sale”—the individual breeder. However, the breeder cannot just sit and wait for the prospect to pound on the door demanding a Shorthorn or Polled Shorthorn (it would be fine if it worked that way, but it doesn't).

A sales campaign based upon the animals available for sale must be undertaken. Individual effort is demanded. As an example: Within a radius of 30 miles from your base of operations hundreds of non-Shorthorns are being raised. Every place is a prospect. So you talk up Shorthorns. When some interest is shown you write to the PR department of the National Association asking that promotional material be sent to the person and/or persons interested. A letter and material will be sent and you will be advised it has been sent. A desire may be created in the individual.

This procedure is not pulled out of thin air—it has been and is being worked by a great number of breeders. Recently, the fourth letter came to the PR department from the same breeder with more names and addresses—sales had come about as a result of the breeder's follow up of the first three letters. He is showing a—profit—as a result of a good sales program and being the “point of sale” when the desire was greatest.

The continued success of each breeder means stronger state and national associations. If the national association, the state associations, and the individual breeder all communicate we can coordinate and cooperate so that the individual “Point of Sale” keeps growing and expanding and Shorthorns continue the steady increase as evidenced during the past few years.

PLEASE READ CAREFULLY:

Approval by your Board of Directors has been given to allow use of semen from a bull for a period of SIX MONTHS following death of that bull by the registered owner at time of the bull's death.

THIS REGULATION IS EFFECTIVE MAY 1, 1965.

In order to qualify for use of semen for the six months period following death please observe the following:

1. Use of semen allowed only by the registered owner, or owners (no more than three permitted), at time of death.
2. The bull must have been blood typed and a report on file in the American Shorthorn Association office.
3. Report to the American Shorthorn Association of the death of a bull must be prompt, stating actual date the bull died.

AMERICAN SHORTHORN ASSOCIATION

From the Desk of...

C. D. Swaffar

EXECUTIVE SECRETARY,
AMERICAN SHORTHORN ASSOCIATION

The Board of Directors met in Omaha on schedule Feb. 10 in spite of the worst snow storm of the year to hit the mid-west. At this meeting resolutions presented by the various committees to the board at the annual meeting in Denver were considered and final action by the board taken on several. The committees submitting resolutions were:

Standard Guarantee & Artificial Insemination; Shows & Fairs—Uniform Judging; Imports; Junior Activities; Classification & Performance Test; and Shorthorn News.

It was found that, as last year, the committees had worked hard and had presented many thoughts concerned with our breed and association improvement.

After careful and studied consideration of the recommendations made by the committees, the board decided:

The recommendation that the maximum age for the lowest registration fee be changed from 6 to 9 months for the animal recorded was not accepted. However, the board kept the question open for further consideration and stated that additional study will be made and investi-

gations continued as to the merits of such change.

The Association's Junior activities program was thoroughly discussed and the board recommended the program be expanded. Sherman Berg, Junior Activities Director, was instructed to work out details of Junior awards to be made on a county, state and national level. It is hoped that plans can be consummated to make a substantial award to the national winner.

Junior members were limited to 5 artificially conceived calves annually provided American Shorthorn Association permission is granted before the Junior breeds his heifer or cow. The board voted to recommend to all shows and fairs all Junior heifers be permitted to show in open class competition.

The standard guarantee as recommended by the Association was given a thorough study and it was decided that an addition would be added which reads:

"When a buyer returns a bull as a non-breeder he must furnish to the seller a veterinarian's certificate showing that the herd is healthy if such a certificate is required by the seller.

When a bull is returned as a non-breeder a purchaser may not record any cattle by him. Upon receipt of a statement of both buyer and seller that a bull has been returned as non-breeder the transfer of ownership to that buyer will be cancelled by the American Shorthorn Association."

The board also decided that any bull whose semen is used after January 1, 1965 must have a blood type on record with the Association in order that the calves be registered. Application for blood typing should be submitted to the American Shorthorn Association, Omaha, Nebraska. And the resolution to increase transfer fees \$1.00 per head was discussed then tabled as the board agreed this change would affect each and every member and before any action is made a poll of the membership should be taken in the near future and further study made after the poll is completed.

Allen Creek Wins Permanent Possession of Van Natta Trophy

Craigessie Pennsylvania won permanent possession of the Van Natta Trophy for Allen Creek of Liberty, Indiana. O. B. Creek, the father of Allen Creek, won the trophy in 1938; Allen Creek and his family won it in 1963, and again in 1964 with a score of 1350 points, the highest score ever made in winning the Trophy.

The Indiana Gold Medal Calf Club originated in 1937. Mr. Jack Van Natta of Lafayette offered a suitable trophy to be given each year to the owner of the high scoring sire whose calves scored the most points. The trophy had to be won three times to become permanent possession of any breeder. That is why we feel so honored to have gained it permanently after all the Indiana breeders of every breed competed.

To make a calf eligible it must be Indiana owned and entered by February 15. Then the bull and steer calves must make a minimum daily gain of two pounds plus 70 pounds birth weight and heifers a gain of one and a half pounds average to be weighed during July to be eligible to compete in Gold Medal shows. Points are counted on one county, one district show and the state show which is held at the State Fair. Gold, silver, and bronze are given if there are four or multiples in a class and get-of-sire class counts twice that of an individual class. Two entries per exhibitor is all that may count points per class.

In the 28 year history of the Indiana Gold Medal Calf Club the following:

Shorthorns	won	9	years
Herefords	won	7	years
P. Herefords	won	4	years
Angus	won	4	years
Red Polls	won	3	years
P. Shorthorns	won	1	year

In accepting permanent possession of the Van Natta Trophy, Allen Creek stated he felt honored to have gained permanent possession after the intense competition from Indiana breeders. He also stated that perhaps breeders should take advantage of the record made in this interbreed contest where Shorthorns have made an excellent record.

Nationwide Recognition of Shorthorn and Polled Shorthorn Pioneers Now in Progress

"For Meritorious Service to Shorthorns since (date)." So reads the inscription on plaques honoring Shorthorn and Polled Shorthorn pioneers who have been in business fifty or more years. The awards are being made by the American Shorthorn Association in cooperation with State Associations.

The first awards were made at the Pennsylvania Shorthorn Breeders Association's annual meeting, February 10th, at Waynesburg, Pa., to Lazear Eisiminger and Charles Cummins, both of Waynesburg, Pa.

Plaques have been awarded to 48 breeders in Pennsylvania, Oregon, Washington, Virginia, West Virginia, Missouri, Illinois, and Iowa. Arrangements have been made to present awards in Minnesota, March 29 and in Kansas March 31.

In Iowa where awards were made at the annual banquet in Des Moines, February 22nd, winter winds howled and twisted the swirling snow in icy patterns that had no respect for shivering and half-blinded pedestrians who dared to venture out into the storm.

Inside, and seated eight to a table, a hundred and sixty individuals ranging from teenagers to octogenarians

Pictured above (left to right) are Iowans: Russell Held, Hinton; Dale McCone, Manilla; Mrs. Clara Willhoite, Wall Lake; A. J. Moffitt, Ackworth; H. K. Owens, Homestead.

met in an atmosphere of anticipation and memories that gave no thought to the raging winter storm.

Most of those were members of the Iowa Shorthorn Breeders Association gathered together to pay homage to their fellow breeders who had seen more than fifty years slip by while working with their cattle. Sprinkled here and there were a few teenagers destined to continue on with the work grandparents started so many years ago. It was a gathering of the future and the past—but the past was the

present and that past took precedent over all as individuals received awards for their work in keeping the Shorthorn breed alive during depressions, good times, floods, fires, beautiful Iowa springs, hot growing summers, wonderful harvest falls, and winter storms such as raged outside as the awards were made.

When Iowa State Association President Robert Johnson of Latimer turned the key which changed the talk from Shorthorns to that which told of the individuals behind the Shorthorn movement eyes misted and clouded with memories of by gone years.

A portion of a letter was read that was sent by a 78 year old young man who had requested that he be listed as the "son".

He wrote: "Father never was a BIG breeder—foremost in the show and sale rings, but always, fair weather or foul—first, A MAN, then a breeder—but of integrity in each. Final rites were held for him on a raw, chilly November afternoon while snow flakes and dead leaves swirled about the little country church—while he was a modest man, deprecating public opinion although ever active in community affairs, I can easily imagine the wry smile that would spread over his face if he knew a plaque had been given in memory and appreciation of his 77 year old heard of Shorthorns, of which he had

Pictured above (left to right) are Iowans: Ted Whitford, Volga; Ben G. Studer, Wesley; Mrs. Dal Petty, Eldora; George Struve, Manning; A. T. Robinson, Masonville; in back row, Otis Rothlisberger, Elgin; R. W. Packer, Marshalltown; and Gilbert Kardel, Wallcott. They were presented with plaques honoring them for 50 years or more of meritorious service to Shorthorns.

active management for 60 years. Often when I was a boy I rushed out to our mail box to see if dad had an ad which would read '& Son'—it never did and I left home to pursue another career and did not return until 5 days before his death to take up his tools where he had laid them down—would it be amiss to request the '& Son' as part of the award?"

According to Robert Johnson, 31 Shorthorn and Polled Shorthorn breeders were honored by the American Shorthorn Association at the annual banquet held in Des Moines, Ia.

Mrs. Clara Willhoite, Wall Lake, Iowa, now 85 years young who took over the Polled Shorthorn operation of her husband after his death many years ago, was the radiant queen of the meeting when she told the audience she was born on the same farm she now lives on and of the many joys and fond memories of working with her beloved Polled Shorthorns.

George Struve, 78, Manning, Iowa, who first brought Shorthorns to his farm in 1901, was the center of attention as he exhibited a picture taken 49 years ago (to the day) of the Iowa Shorthorn Breeders Association. His son, Glen, showed the Grand Champion bull at the Iowa Royal the following day and his granddaughter, Linda, is the Iowa Shorthorn Lassie Queen.

Ted Whitford, Velva, Iowa, on whose farm Shorthorns had made an appearance long before he was born, told of how his grandfather received land patents from Presidents Fillmore and Taylor. That his grandfather was an Indian Missionary before becoming a farmer in Iowa.

Those who have received awards from the Association to date are:

L. E. Alden, Hamilton, Mo., 1908; C. L. Baughman, California, Mo., 1912; Dale Bellows, Maryville, Mo., 1872; Mace C. Smith, Sweet Springs, Mo., 1914; Olna G. Trimble, Maryville, Mo., 1914; Warren W. Strickler, Carig, Mo., 1906; V. K. Betteridge, Pilot Grove, Mo., 1908; Lewis W. Thieman, Concordia, Mo., 1900; Dan Thieman, Higginsville, Mo., 1900.

Charles R. Bowers, Elwood, Illinois, 1901; Silas Nafziger, Hopedale, Ill., 1913; Wright & Harley, Bethany, Illinois, 1874; Ernest Robnett, New Pine Creek, Oregon, 1907; A. L. Osmin, Heppner, Oregon, 1912.

Charles C. Cummins, Waynesburg,

R. B. Stimson, president of the American Shorthorn Association (left) congratulates Charles Bowers of Bradford, Illinois. Mr. Bowers was honored by the Association when he was presented a plaque for his 50 years with Shorthorns. Paul Potter, president of the Illinois Shorthorn Association made the presentation at the annual banquet in Springfield, Illinois.

Lazear Eisiminger accepts the 59 year award from the American Shorthorn Association at the February 10, 1965 meeting of The Pennsylvania Shorthorn Breeders' Association, Waynesburg, Pa. This award was made by the national office in Omaha, Nebraska to Mr. Eisiminger for his 59 years of service to Shorthorn cattle. Mr. Eisiminger's farm at R. D. 3, Waynesburg, has long been a stronghold of outstanding Shorthorn cattle.

Left to right: L. J. Zeigler, President of the P.S.B.A.; Lazear Eisiminger; and John Gapen, County Agent in Greene County, who was featured speaker.

Allen Lind, Windsor, Colorado proudly shows his Reserve Grand Champion of the Arizona National Livestock Show. To the left of Allen is Lee TePoel, Superintendent of the Show.

Southeastern Shorthorn Breeders Association News

by GILBERT MILLER, *Fieldman*
FIRST QUARTER—1965

At the last meeting of the Board of Directors, in Atlanta, it was decided that the Association should put out a Newsletter each quarter in order to keep the members posted on the coming events and also the results of all past activities. This would help the members to know the work the Fieldman is doing in promoting the Shorthorn and Polled Shorthorn cattle.

At the beginning of 1965 we had hoped for ten sales in the SE; however at this point, we may not have that many, but we are hoping to come close.

I feel that the Bull Sale held in Bartow, Florida, in January, was very successful in promoting Shorthorns in that area. We had five or six of the largest commercial Bull Buyers in the SE at that sale. We had a few bulls that should have brought a little higher price; however, all in all, we felt that we did all right. The average price of our first 15 bulls to sell was \$401.50, which was not too bad, considering the present market and also coming from commercial buyers.

In my travel I have found that most commercial breeders are very discouraged at the present prices. Since they are the backbone of our business, we are going to have to go down with them in order to keep them when the prices are good. This is the part of our business that is so hard.

On March 20, 1965, in Lawrenceburg, Tenn., the Tennessee Shorthorn Association is having its annual Spring Sale. We are planning to sell 75 head. The Tennessee breeders are very enthusiastic, and feel that it will be one of our top sales for this year.

An April 2, 1965, at Social Circle, Georgia, we are having the Mid-Georgia Shorthorn Sale. This Sale will consist of three consignors. J. O. Weatherford will have 36 females that have been on a performance testing program for the past 90 days. We will also have three good bulls from the Flying "G" Ranch in Albany, and also Bruce Hancock, of Social Circle, will consign five very good Polled bulls.

On April 16, 1965, our annual SE

Spring Sale will be held in Athens, in the new University of Georgia Coliseum. We will be selling about 610 head in this sale.

Our next Newsletter will include

all 1965 members, so please send your dues in immediately. If any of you have any news you would like included in our Newsletter, please send it to me.

JUNIOR ACTIVITIES

ILLINOIS JUNIORS SET SEVEN FIELD DAYS FOR 1965

Illinois Junior members and senior advisors met February 28th, in Bloomington, Ill. Officers were elected and plans consummated for seven field days to be held this summer in Illinois as scheduled in the upcoming Junior calendar. John Land, Ridge Farm, moderated the meeting and a report was given by senior advisors of each district pointing out the progress of the Juniors.

Officers elected were:

Joe Elmore, Catlin, President;
Jim Klockenga, Emden, Vice-
President; Mike Wilson, Lake

City, Secretary-Treasurer; Mike Buchen, Avon, Publicity; Gary Frisk, Atkinson, Director; Larry Moore, Medora, Director; Sue Benson, Sycamore, Director.

These juniors were also in attendance: Ken Frisk, Atkinson; Linda Reedy, Lovington; John Woodward, Yorkville; Ronnie Reznicek, Chesterfield and Ted Bandy, Blue Mound. Adults in attendance were: Jim Smith, Lovington; Paul Fritz, Brighton; Jim Shea, Metamore; Arnie Brooks and Mrs. Brooks, Sterling; Mike and Maxine Klockenga, Emden; Darrell Bandy, Blue Mound; Ralph Pope, Metcalf; Roger Steiger, Delavan; John Land, Ridgefarm and Sherm Berg, A.S.A.

Classifications for the Junior shows were announced as follows:

Female:

Class 1—Born before Jan. 1, 1964

Class 2—Junior Yearling—
Born Jan. 1, 1964—
March 31, 1964

Class 3—Spring Yearling—
Born April 1, 1964—
June 30, 1964

Class 4—Summer Calves—
Born July 1, 1964—
Sept. 30, 1964

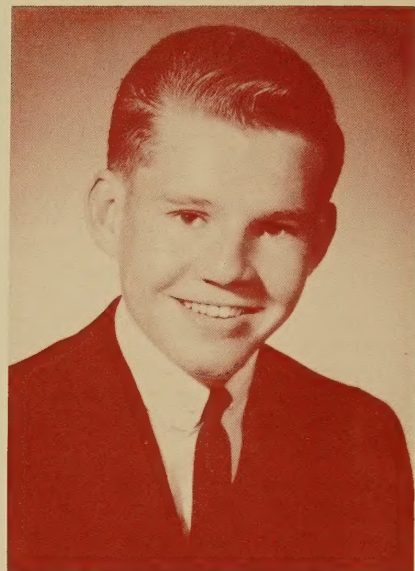

Class 5—Senior Calves—
Born Oct. 1, 1964—
Dec. 31, 1964

The board voted to hold another meeting at the Illinois State Shorthorn Picnic in order to plan activities for the 1965 Illinois State Fair.

Bill Manke, Woodstock, Ill., President of the North Eastern Illinois Junior Association, was recently elected at the organizational meeting. Plans were set for their next meeting to be held April 14th, 8 p.m. at the McHenry County Farm Bureau Building, Woodstock, Ill.

Oklahoma Junior Shorthorn Club

The Oklahoma Junior Shorthorn Club's Annual banquet and meeting was held at the recent Oklahoma City Junior Livestock Show. The highlight of the banquet was the presentation of awards.

The Premier Exhibitor Trophy was won by David Deason, Fort Cobb, for his outstanding show record compiled in the past year.

Awards were also presented to Mervin Deason, Fort Cobb and Kenneth Holloway, Snyder, for their outstanding work in the Junior Association. They are both retiring from the Junior Association because they have grown past the age limit.

Sherman Berg, Junior Activities Director, ASA, also gave a short talk to the Juniors.

During the business meeting it was decided to hold the annual Junior Field Day at Holloways, Snyder Oklahoma. The date is to be announced.

The main part of the business meeting was the election of new officers. The newly-elected officers are: President, Ike Higdon, Fletcher; Vice-president, Phil Harred, Fletcher; Secy-Treas., Mad Boothe, Cordell; Publicity Director, John Kussel, Fort Cobb.

Loretta Mathias, Greeley, Col., President of the Western States Junior Shorthorn Association. The Western Junior Association held a successful club calf sale last fall and they are planning their part of Annual Western States Field Day.

Mervin Deason, Fort Cobb, Oklahoma, President of the Oklahoma Jr. Association. Kenneth Leimkuehler, Napton, Mo., Pres. of the Missouri Jr. Shorthorn Association.

Oklahoma City Junior Livestock Show

The 58th Anniversary of the Oklahoma City Junior Livestock Show was highlighted with 120 Shorthorn steers and 45 Shorthorn heifers vying for the Championship titles.

In the Shorthorn steer competition, Championship honors went to Don Totusek of Stillwater, on a calf he purchased from the O. H. Deason herd at Fort Cobb. The Reserve Shorthorn, also from the Deason herd, was shown by David Holloway of Snyder. These two steers, of the same type, from the same herd, were flashy, well balanced and very trim.

There were 17 Shorthorn steers that made it into the 72 head premium sale. Their placings in class were as follows:

- Class 19 Wt. 941 and up
 1. Raymond Sidwell, Pond Creek
 2. Ann Jeffries, Crescent
 Class 20 Wt. 851-940
 1. Dean Plaster, Fort Cobb
 2. Greg Pfenning, Hobart
 3. Steve Beasley, Crescent
 4. Billy Bridges, Elgin
 5. Janet Castle, Burlington
 Class 21 Wt. 761-850
 1. Don Totusek, Stillwater (Champion)
 2. David Holloway, Snyder (Reserve)
 3. Barbara Cassidy, Covington
 4. Dean Graumann, Granite
 5. Jerry Arthur, Fletcher
 6. Jerry Arthur, Fletcher
 Class 22 Wt. 760 and under
 1. Edward L. Williams, Fletcher
 2. Janie Peck, Fort Cobb
 3. Sam Ott, Burlington
 4. Jackie Deason, Albert

In the Junior Heifer Show, top honors went to Sam Ott, Burlington, Oklahoma. Sam's heifer, O GWENDOLINE, was home-raised out of the Select Wordsworth Bull.

Reserve honors went to Jerry Arthur Fletcher, Oklahoma, on a heifer purchased from Bob Collier, Fletcher and she was out of Hallwood Achilles.

Wins County Contest on Beef Raising

Pam Lindberg, R.R. 1, McPherson, Kansas, won first place in the first annual McPherson County baby beef production contest sponsored by the Chamber of Commerce among the 4-H Clubs in the county.

The contest was based on rate of gain, cost per pound of gain and the quality of the beef produced.

Club members had to keep detailed records of all phases of feeding and caring for their animals. The contest was supervised by Club Agent Virgil Carlson and the County Extension office.

The Board of Directors limited Junior Members to five artificially conceived calves annually that will be eligible for registration provided American Shorthorn Association permission is granted before the Junior breeds his heifer or cow.

Nina Garriott, Scottsburg, Ind. President of the Indiana Jr. Association. Nina and the Ind. Juniors are planning a Junior Field and educational program for June 6th at Ox Valley Farms, Scottsburg, Indiana.

1965 Junior Events SCHEDULE

Western Ill., show in June at Macomb Northwest Ill., show to be held at Amboy; date to be announced.

June 6—Indiana Junior Shorthorn Association Field Day, Ox Valley Farms, Scottsburg, Indiana

June 12—Logan Sangamon District Junior Steer & Heifer Preview Show, Logan County Fair Grounds, Lincoln, Illinois

June 13—South Central Illinois Junior Association Steer & Heifer Preview Show, Moultrie County Fair Grounds, Sullivan, Illinois

June 13—Nebraska Junior Association Field Day and Progress Show, Columbus, Nebraska

June 19—Tri County Steer & Heifer Preview Show, Jerseyville or Carrolltown, Ill.

June 20—East Central Illinois Junior Association Steer & Heifer Preview Show, Four Dees Farms, Allerton, Illinois

June 20—West Central Illinois Junior Steer & Heifer Preview Show, Cambridge, Illinois

July 24—Kansas Junior Shorthorn Field Day, Eldorado, Kansas

Oct. 2—3rd Annual Buy a Calf-Show a Calf Sale, London, Ohio

Oct. 28—Nebraska Junior Association Club Calf Sale, Columbus, Nebraska

Shorthorn Lassies

Auxiliary of The American Shorthorn Association

NEW MEMBERSHIP CONTEST FOR 1965

Your National Shorthorn Lassie Board is especially pleased to announce a NEW membership contest for 1965. This is a contest in which Shorthorn Lassie members can lend their wholehearted support—a contest to increase membership in the American Shorthorn Association.

RULES OF THE CONTEST

1. The contest period runs thru November 15, 1965.

2. New ASA Memberships may be secured from within each chapter's own state and from states with no officially organized Lassie chapter.

3. The ASA membership must be accompanied by a statement from the Lassie member that she secured the membership for the American Shorthorn Association to be counted in the contest. Memberships mailed directly to the ASA office without this statement can not be counted.

4. Memberships should be submitted to the ASA by the Lassie members.

5. Membership fee must accompany the application.

6. The following information in regard to the membership in the American Shorthorn Association is taken from the information manual of the ASA.

MEMBERSHIP

"The American Shorthorn Association offers a regular membership on the post known as the Life Membership to breeders of Shorthorns and Polled Shorthorns. Memberships may be issued in the name of an individual, individuals, Partnership, Corporation or a Herd Name. The fee for the membership is \$25.00. Annual dues to be determined by the Board of Directors. This membership is non-transferable unless there is no actual change in ownership of cattle in which it may be transferred one time for a fee of \$1.00."

SHORTHORN AND POLLED SHORTHORN AFFILIATION

"All members are required to identify themselves with one of the two branches of the breed—Shorthorns or Polled Shorthorns—for the purpose of voting in Association elections.

If only one type of cattle is produced the identification is automatic, but if both Shorthorns and Polled Shorthorns are bred you must designate your affiliation with one or another. Designation should be made in accordance with the numerical predominance of either branch of your herd, or in accordance with your plans for the future."

There will be no annual dues the first year the membership is in effect.

7. The American Shorthorn Association is furnishing \$100 in award money to be given to the first and second leading chapters in the contest. Sixty dollars will be awarded for the first place and \$40 for the second place.

8. The winners will be determined on the basis of a percentage increase in that state based on the actual number of memberships issued in the American Shorthorn Association in that state in the fiscal year 1964.

9. The award winners will be announced and awards presented at the time of the International in Chicago. If you have questions about the contest, please let me hear from you.

Outstanding Performance of Texas Lassies at Fort Worth Stock Show

The Texas Lassies are to be congratulated for the Lassie Booth erected at the Ft. Worth Stock Show and the fine publicity for Shorthorns during the several days of this event. Maintaining this booth, keeping Shorthorn literature available, talking with interested breeders, and the many other chores certainly are deserving of our thanks and our support.

Additional appreciation for a job well done goes to the Texas Lassie Queen, Charlotte Miles, who spared no time or effort in her activities to publicize Shorthorns. Charlotte made four public appearances with various groups and appeared on two television shows and two radio shows in addition to attending all Shorthorn judging activities and passing out awards.

The publicity afforded Shorthorns through the Texas Lassies under the guidance of Mrs. Ben H. Vowan, Jr. and the Lassie Queen at Ft. Worth was outstanding and the organization as well as each participating individual is to be commended.

PROMOTION ITEMS

The American Shorthorn Association has available for members the following:

Pens	\$1.50
Snake Chains.....	\$1.00
Cuff Link Sets.....	\$3.00
Lighters	\$2.00 - \$2.50
Money Clips	\$1.75
Bow Ties	\$2.00

Four Lassie Queens take time out of a busy schedule at the National Western Stock Show in Denver. The smiles were in evidence all week and our "Queens" made many, many friends for Shorthorns. (l. to r.) Iowa Lassie Queen Linda Struve, Western Lassie Queen Jo Ann Hartley, International Lassie Queen Florence McCracken and Nebraska Lassie Queen Beth Monson.

CATCH THEM RUSTLERS

By Rodgaleen Johnson
W.O.W. Lassie, 1964

They've done it again, They've taken my Shorthorn cattle!
(pull a gun)

If you rustlers are in there you had better come out or I'm comin' in after you. I don't know why you had to be so greedy takin' all my fine Shorthorn cows. Well, suppose it is my fault in a way, me and my big mouth I had to go and blow to everyone I meet last week about those fine big calves I'd been a gettin. Well a fellow's got to brag a little when you got somethin as fine as Shorthorns to brag about. But, do you know, I didn't even tell all the good things I knew about Shorthorns. Why they have more size for their age than the rest of them breeds. I'm kind of ashamed to say it but, out where I live we sometimes run a little low on feed but, Shorthorns still produce more beef with less feed. Why you know I heard tell of a fellow that wintered his cattle at 8,000 feet above sea level and those Shorthorns came through with flying colors, and speakin of colors I sure do like those red ones, but, those roans are pretty flashy, and those white ones are just plain sharp.

Now, let me see why did I buy those first Shorthorns? Oh, yes I remember. I was always havin trouble with those other breeds. I'm a tellin

you they were the wildest things I ever did see, why I was always a chasin them around the corral trying to catch them. You know that Shorthorns are the most affectionate cattle I have ever meet and they handle like a dream.

What's the matter with me anyway? I don't even have any Shorthorns. Those rustlers aren't going to get away with my means of paying of the mortgage and sending the kids to college.

Sheriff, you have! They are! Oh, boy I'm back in business again with those fine Shorthorns.

Now friends you've heard me rattle, and you know I like Shorthorn cattle.

They've got what it takes to make A-1 steaks.

They're deep and wide and full of pride.

They come in colors of variety to suit the highest of society.

They are kind and gentle and they will help pay the rental.

Yes, Shorthorns are the best by test in the entire U.S.

FOOD FOR THOUGHT

There is no better time than now for you to let your friends and neighbors know that you are proud of your Shorthorn productions. Only you can "Knock on the Door of Opportunity."

International Shorthorn Lassie Queen Attending Many Shorthorn Events

Since Florence McCracken of South Dakota was crowned the International Shorthorn Lassie Queen in Chicago during the International Livestock Show, she has been a very busy girl.

Queen Florence's activities and appearances in behalf of Shorthorns have included the following:

National Show and Sale at Omaha
Farm Bureau Meetings

Governor's Inaugural Ball and Reception at Pierre

Denver Show and annual meeting
Beth Monson and Linda Struve were also there.

The Canadian International Shorthorn Bull Sale at Brandon, Manitoba on February 27

Radio and television appearances on stations in Sioux Falls

In addition she has probably talked Shorthorns to everyone she has met.

SHORTHORN LASSIE QUEENS FOR 1965

Lassie Queen Rules are basically the same as in previous years. Remember, the selection of the Lassie Queen within the states is left to each state to do in the way they choose.

Some states have Shorthorn Lassie Princesses. This is entirely up to the State Chapters. However, no princesses will appear in Chicago with the Queens.

As soon as your state chapter has selected their 1965 Lassie Queen, be sure to get the information to your National Lassie officers.

IOWA

Mrs. Dale Petty, Eldora, was named president of the Iowa Shorthorn Lassies for 1965. Mrs. Lloyd Burr, Jr., Lone Tree, vice-president; Mrs. Wayne Farnum, Victor, secretary. Directors named are: Mrs. Clarence Moffitt, Ackworth; Mrs. Fred Peck, Winthrop; Mrs. Glen Struve, Manning and Mrs. C. M. Stephenson, Mason City.

IN THIS TIME OF DEPRESSED CATTLE MARKETS, RECORDS SHOW THAT REGISTERED CATTLE ARE WORTH MORE.

GRAND CHAMPION OVER ALL BREEDS! Fort Worth, Texas - 1965

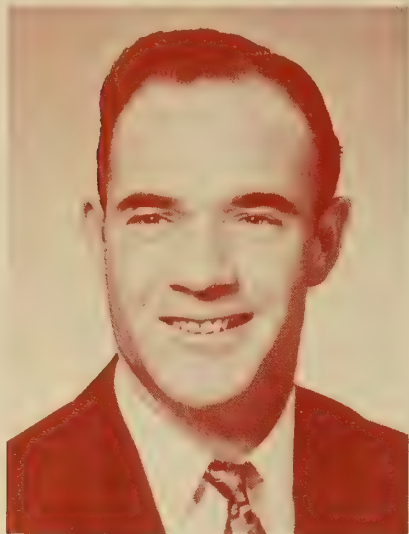

KSU "PETE"

Grand champion steer at the 1965 Southeastern Exposition and Fat Stock Show, Fort Worth, was a flashy red steer named "KSU Pete," bred by Pete Hawkinson, Frankfort, Kansas and fitted and shown by Kansas State University, Manhattan. The steer was judged best of some 356 head of all breeds by O'Dell Daniel, University of Georgia. In the auction of the show steers, he went for \$6,000 on a bid by First National Bank and the Burnett Estate of Fort Worth, the proceeds going to the Animal Science department of the University. Left to right above are W. R. Watt, manager of the Southwestern Exposition, Judge Daniel, Pete Hawkinson, Charlotte Miles, Texas Shorthorn Lassie and Miles McKee, herdsman for Kansas State University.

New Director Has Full Time Shorthorn Family

Jack Deason, 41, of Fort Cobb, Oklahoma, who was elected a director of the American Shorthorn Association at the Annual Meeting in Denver, has a full time Shorthorn Family.

The Deason family has lived on Grandview Shorthorn Ranch at Fort Cobb since he returned home from World War II. Jack and Maye, his wife, have three children—Mervin 20, David 16 and Jacquelyn (Jackie) 11.

Jackie is just completing her first year of 4-H work, is in the fifth grade at Oney school, is an Oklahoma Junior Shorthorn and owns one heifer and two steers.

David, a Junior at Oney High, is a member of the Oney FFA. Last year he showed the Grand Champion FFA steer at the American Royal, was the State winner with his Soil Conservation speech and owns his own 11 head of registered Shorthorn females and four steers.

Mervin is a Junior at Oklahoma State University where he is majoring in Animal Science and Journalism. He is a member of the OSU Junior judging team which took 2nd place at Denver this winter, holds the degree of FFA State Farmer, and is President of the Oklahoma Junior Shorthorn Club.

Maye not only takes care of the Deason home but takes time to be

President of the Oklahoma Shorthorn Lassies.

Jack started in the Registered Shorthorn business in 1933 as a 4-H member. He was active both in 4-H and FFA and was awarded the American Farmer Degree in FFA in 1940, (Mervin is applying for this degree this year), is past president of the Caddo County Shorthorn Breeders Association and the Oklahoma Shorthorn Breeders Association. Mr. Deason has served two terms on the Oklahoma Shorthorn Breeders Association board of directors. He was president for three years of the Caddo County Farm Bureau and is now serving his fourth three year term on the board of directors.

As if this isn't sufficient, Jack is president of the local school board and of the Farmers Gin Board at Anadarko and is a member of the Board of Directors of the Oklahoma Cotton Growers Association.

Minnesota Shorthorn Breeders Association

Another year has passed and once again we should take a few moments time and seriously assess our year's progress. Ask yourself, "now just what have I done this past year to improve the Shorthorn business?" Did I help to start a new breeder this year? Did I even attend these shows as a spectator and see what my neighbor breeders were doing? Did I help promote the breed by giving a trophy to some hard working, deserving 4-H boy or girl who had enough foresight and gumption to want to show a Shorthorn steer or heifer? Did I speak out for Shorthorns at appropriate times rather than make apologies?

We all know the answers to these questions. It is up to us what those answers will be in 1965. If each of us does what he is able to all or even part of these questions his own immediate situation will be immediately improved, and along with it the general theme of the whole breed will be strengthened. By doing these things YOUR Association will be stronger and we all could be a step closer to the prominence this great breed of cattle once enjoyed.

Seed Sown 14 Years Ago Germinates

R. D. Magill, Verona, N. Dak., wrote a letter to a prospect January 24, 1951. On February 24, 1965 the mailman brought him a letter postmarked the day before in which the prospect wrote "am wondering if you are still in the Polled Shorthorn business and if you have some young heifer-cows for sale and also bulls. I am interested in going into the registered business."

The letter was answered within the hour. In fact, Mr. Magill answers every inquiry by return mail.

Illinois Shorthorn Breeders Association Annual Meeting

The Illinois Shorthorn Breeders Association met at the St. Nick Hotel in Springfield, March 1. New officers for 1965 were elected and acted upon reports made by the various committees.

Lyle Brooks was named President, Howard Bell, V-President and Tom Reedy continued as Secretary-Treasurer. Directors are: John Land, Robert McDevitt, Robert Francis, Harold Hamman, R. W. Truckenbrod, Melvin Ruch, and Herman O'Neal.

Committees made several recommendations which were favorably acted upon by the Association. The Semen Bank was discontinued and the Association asked all Shorthorn Breeders to cooperate with Junior members with less than five females and help get their females bred. They also recommended strong support of the Junior Preview Shows and that the Junior Association sponsor promotional and social affairs at the Illinois State Fair for Junior Shorthorn exhibitors. And that the Association continue the present Junior Award program. Paul Potter, in the name of the Illinois Shorthorn Breeder Association, presented an award to Tom Reedy for five years service to the Illinois Shorthorn Association as Secretary-Treasurer. This award will be presented annually hereafter and will be known as "Mr. Illinois Shorthorn—(year)".

IN THIS TIME OF DEPRESSED CATTLE MARKETS, RECORDS SHOW THAT REGISTERED CATTLE ARE WORTH MORE.

NEW 1965 OHIO SHORTHORN OFFICERS, elected at the recent annual meeting in Columbus, are (seated, left to right) Ohio Shorthorn Lassies President, Mrs. Richard Fairall of Frazeyburg; Treasurer, Mrs. Keith Moore of Decatur; Vice President, Mrs. Charles Behm of Wooster; Ohio Shorthorn Breeders' Association Secretary-Treasurer, Betty Royon of Northfield; (standing, left to right) President, Joseph Haines of Xenia; Vice President, Keith Moore; Ohio Polled Shorthorn Association President, Charles Behm; Vice President, Charles South of Franklin; and Secretary-Treasurer, Melvin Kiger of Washington C. H. Not present when picture was taken were Lassies Recording Secretary, Mrs. Melvin Kiger, and Corresponding Secretary, Mrs. Ralph Huffman of Harrisburg. At the conclusion of their meetings, the three groups announced that major 1965 projects would include joint sponsorship of the 2nd Annual Ohio Shorthorn Junior "Buy A Calf-Show A Calf" Show at London on June 26 and the 3rd Annual "Buy A Calf-Show A Calf" Sale, also at London, on October 2.

TENNESSEE SHORTHORN BREEDER'S ASSOCIATION LETTER TO BUYERS OF THE SPRING SALE

You now own some of the best bloodlines of registered Shorthorns! The Tennessee Shorthorn Breeder's Association would like to express to you their pleasure of having you with us as a buyer at their annual sale. May we invite you to participate in other Shorthorn activities.

Mark your calendar to attend these coming events. This year Mr. Rufus White, Jr. will be host to the annual Shorthorn Field Day on July 17. The Shorthorn Feeder Calf Sale is October 19, 1965 at Cookeville. As a Shorthorn enthusiast, you will also want to support the Tennessee Junior Heifer Show this summer and the Shorthorn Finished Calf Show and Sale this December. Climaxing SHORTHORN WEEK this year is the National Show and Sale to be held November 13, at Ellington Agricultural Center, Nashville.

With your continued interest in Shorthorns, you may also want to be a member of our Association. Dues are \$5 annually, Jr. member-

ship is \$1, and the Lassie organization for our wives and daughters is \$2 each.

You have had the hind-sight to see the quality of Shorthorns, now use your fore-sight in supporting your breed.

Levi Johnson, Atlantic Named President of of Iowa Shorthorners

Levi Johnson, Atlantic, was elected president of the Iowa Shorthorn Breeders Association at the annual meeting in Des Moines, Feb. 22nd. He succeeds Bob Johnson, Latimer. Roger Applegate, Oakland, is the new vice-president and Al Hamann, Rock Rapids, was re-named to his 17th term as secy-treas.

New directors are E. W. Maurer, Fayette; Warren Cowman, Prairie Creek; Millard McNutt, St. Ansgar and Art Windom, Villisca.

From those who care

LETTERS TO THE EDITOR

Dear Mr. Swisher:

This bull has quite a story behind him. He was bought for \$400.00 from the University of Kentucky six years ago. His name is U. K. Frostproof and is out of Louada Forger. He got the name Frostproof because he was born in a snow bank on the Univ. of Ky. Coldstream Farm. When he was taken to the Knob Creek Stock Farm he was lent to a Mr. Chester Howard to breed to ten heifers because they were using an aged bull named Almehurst Hurdsman who had been purchased from Henry Knight of Lexington. He bred five of the heifers and then Mr. Howard decided to breed the rest of the heifers to a horned Hereford bull.

This is when Almehurst Hurdsman was sold and the young bull, U. K. Frostproof, placed in the herd of sixty-five hereford cows. He has pasture bred these cows for the last five years with 100% calf crop each year. The only calf that was lost in the last five years was one that came backwards and wasn't found till the calf was dead and one cow had a calf on a bank and it fell in a creek. That's only two lost calves out of 325 calves and usually about ten of those that calve each year are heifers.

When Mr. Howard's heifer began to calve, his first five Shorthorn & Hereford calves came with no trouble at all. He lost his next five in a row out of the Hereford bull. The calves raised on the Knob Creek Farm are sold at the feeder calf sale at Louisville, Ky., each year and the men who get them always want more.

Many thanks for the honor bestowed on
myself and others at the State sale and ban-
quet.

The pictures are very nice and we ap-
preciate them very much and thanks again.

It brings back a lot of old memories.

George Struve

LETTERS—Continued

(Continued from Page 15)

The cows being used are just common Hereford cows and I might say not very good ones at that. The cows are run on pasture during the summer and winter and hay is hauled to the field. This bull and these cows have never been in a barn during the winter. The bull stays with the cows at all times and all they get to eat during the winter is Lespedeza and fescue hay.

While I was teaching at Park City, Ky., I brought two boys to the Knob Creek Stock Farm and bought two bull calves. The better of the two was saved for a bull by Bill Chase of Park City. This bull calf was placed in a herd of about twenty Hereford cows with an aged Hereford bull. I saw this boy the other day and they said all they have gotten so far have been red calves.

The other calf was bought by Von Parsley of Park City, Ky., to be fed out for the carcass contest with four Angus. This calf was out of one of the more common cows. The other boys kidded him because the calf wasn't as close to the ground as the Angus calves and he sold it to a man. He thought it over and gave the man five dollars and kept the calf. He was fed out to about 1000 lbs., and shown a first at Glasgow, Ky. He was then taken to Bowling Green, Ky., to be killed and judged by expert several packing companies in Louisville and the University of Ky. He was the top carcass calf killed out of about two hundred calves shown.

Howard Peake
Bardstown, Ky.

Thanks very much for the association's plaque which I received today.

I appreciate this honor and the thoughtfulness of the association in sending it to me. We have gone through a lot of hard times in that fifty years.

But we must look for the bright spots and continue on with the highest degree of square dealing with one another.

The mating of the animals and the square deals by members is what will make success for the breed.

Thank you,
Chas W. Woodroffe

My Great Grandfather, Thomas Kirker, settled on this farm in 1793. My Grandfather, George S. Kirker, continued on the farm until 1879. There was then around 800 acres which was divided among his children. My father, William, owned the farm from 1880 to 1921. I, Charles S. Kirker, took over management of the farm in 1912, ownership in 1921. There is now 250 acres which has been in the Kirker name since 1793.

It is known now as the Kirkwood Farm. Most of the buildings are more than 100 years old, a large home, one part stone, was built in 1805. The sixth generation is living on the farm today.

The first registered Shorthorns were purchased from the Abram Renick Importations by my Grandfather, George Kirker. He also purchased from a Shorthorn Cattle Company which held sales at Mays Lick, Kentucky from 1867 to 1868. With the exception of a few years during my Father's operation there was only registered Shorthorns, but a good grade herd was maintained, using only registered sires.

Only Shorthorns have been produced on this farm since. I started producing in 1912. I made my first purchase from Thomas Nelson, Hillsboro, Ohio and S. A. Dunlap, Williamsport, Ohio and G. M. Roubush, Newtonsville, Ohio, all top breeders of Southern Ohio at that time. We now have 85 head in the herd. Our Herd Sire is a Grand Son of Troubadour and our Junior Herd Sire is a Grand Son of U. K. Lode-star.

Charles S. Kirker
West Union, Ohio

"We should not hope to regain in 'fifty and two days' what we lost in fifty years, or more. Excuses, alibis and apologies will not lift the penalty of our failure. We must 'rise up and build!' No man can do this reconstruction work alone. I like the slogan nailed to the masthead of the SHORTHORN WORLD: 'Let us go forward as ONE FORCE'—etc. But that 'one force' must have wise and powerful leadership—something that certainly was woefully lacking for many years after the turn of the century—while we were wandering in the wilderness.

I am greatly encouraged over the present leadership of 'Pete' Swaffar

—but it's a "long, long road to Tipperary." He may organize and encourage, but he cannot rebuild the walls without help—much help! That help must come from each and every breeder, closely knit into one aggressive force. That force must have purpose, vision and power.

The late summer shows still are several months away but NOW there should be a concerted effort to "get out the vote." Come show day the stalls should be overflowing with SHORTHORNS. By numbers, if nothing more at the moment, we should "BURY" our opposition. The championships can be determined after the show ring is filled—and overflowing.

Our cheering section is sadly depleted. When the crowd is yelling itself hoarse for "our side" we will at least get attention and attention is the first step toward successful salesmanship. Think of the millions of dollars spent today by leading advertisers for "attention compellers." The procedure still is (1) STOP! (2) LOOK! (3) LISTEN! You can't sell a man while he is running away from you. When he looks he must see "an eye popper." Then and not until then is he ready for "tenderizing." SHORTHORNS will do much to help sell themselves—if they are given the opportunity.

Our cattle are what we have made them. They are almost entirely dependent upon us. We selected them: mated them: cared for them at birth: fed and fitted them. Have we no pride in our workmanship? Have we ceased to be BREEDERS and degenerated into mere TRAFFICKERS, bickering with the crowd in the market place? Are we JUNK DEALERS or CRAFTSMEN of the highest order? We sculpture in living flesh and crowds still come to admire our work in straw-filled stalls while others gather in the great galleries to gaze on the work of those who chiseled from stone.

I'm tired—disgusted—fed-up with supercilious onlookers who condescend to talk about "the gentleman cows" and relegate all farmers to the status of peasants. The world will place no higher value upon us than that which we already have put upon ourselves. It is high time we rise up to the stature of full-grown men and possess our heritage. We must take our Shorthorns with us."
